

INSTALLATION INSTRUCTIONS

Part Number KA-6503

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the four screws holding the air filter holder into the air box base.
2. Remove the air filter holder and stock air filter from the air box. (Fig. 1)
3. Remove the three wing bolts from the stock air filter and remove the air filter from the air filter holder. (Fig. 2)
4. Apply the provided K&N Sealing Grease onto the stock o-ring on the air filter holder.
Note: Apply a liberal amount of grease where the two ends of the o-ring meet. (Fig. 3)
5. Install the K&N Filtercharger® onto the air filter holder making sure it is completely seated.
6. Fasten the K&N Filtercharger® to the air filter holder using the provided washers and bolts. (Fig. 4)
7. Reinstall the air filter and air filter holder into the base of the air box and fasten with the stock screws.

Available to purchase separately

Precharger Wrap; KA-6503PK

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
