

Work Truck Step Installation Instructions for Chevy Cargo Van

Part No's: 501040 / 501050

1. Mount the "C" shape steel brackets to the pan with 5/16" hardware provided and securely tighten them to the pan. Use the two 1" long 5/16" bolts for these brackets.

2. Clamping Brackets

3. Place the clamping brackets alongside the frame using the 1/2" hardware provided and hand tighten. Make sure the clamp assembly is up against the rubber muffer assembly. This alignment is critical for the step to be in its proper location.

4. Take 2-5/16" X 1" hex bolts with 4 washers and 2 nylon lock nuts with the step assembly resting on the Clamping Brackets securely tighten step assembly to the clamping brackets. Head of bolts will be inside the pan. **IMPORTANT:** Make sure that the clamping assembly is up against the rubber muffer assembly. Now take your 3/4" wrench and securely tighten the 1/2" nylon lock nut to the 1/2" Carriage bolt.

Work Truck Step Installation Instructions for Chevy Cargo Van Part No's: 501040 / 501050

5. With the "C" shaped steel brackets resting on the rocker panel, mark two sets of lines with a pencil on the outside of the body metal that line up with edges of each "C" shaped steel bracket. Measure in $\frac{1}{2}$ " from the edge of the rocker panel and mark a line between both sets of lines you have just marked. Mark another line exactly between the lines you first marked. You now have a cross-hair. Center-punch these areas and drill out with a $\frac{5}{16}$ " drill bit.

6. Take the two 1" long $\frac{5}{16}$ " bolts with washers and nylon lock nuts and securely tighten the "C" shaped steel brackets to the vehicle's rocker panel.

7. Remove the bolt assemblies that hold the "C" shaped steel brackets to the pan. Take the cover plate and slide it between the pan and the "C" shaped steel brackets. Align the holes and reinstall the bolt assemblies just removed. Take the remaining $\frac{5}{16}$ " X $\frac{3}{4}$ " bolts with washers and nylon lock nuts and securely tighten the cover plate to the pan.

8. Fully assembled unit
