

# Installation Instructions

## License plate bracket

Product Number: M2250 AND M2350

For application with the Vengeance bumper line

## SAFETY

### Your safety and the safety of others is very important.

- In order to help you make informed decisions about safety, we have provided installation instructions and other information.
- These instructions alert you to potential hazards that could hurt you or others.
- Please do a job safety analysis (JSA) before each task to identify potential hazards for your situation and remove/protect against them.
- You must use your own good judgment, and take your time.

**Read and understand all safety precautions and instructions before installing this product.**

THIS PRODUCT IS FOR OFFROAD USE ONLY. ALL LIABILITY FOR INSTALLATION AND USE RESTS WITH THE OWNER.

**CARELESS INSTALLATION AND OPERATION CAN RESULT IN SERIOUS INJURY OR EQUIPMENT DAMAGE.**

## Injury hazard

### Failure to observe these instructions could lead to severe injury or death.

- Always** remove jewelry and wear eye protection.
- Always** use extreme caution when jacking up a vehicle for work. Set emergency brake and use tire blocks. Locate and use the vehicle manufacturers designated lifting points. Use jack stands.
- Always** use appropriate and adequate care in lifting components into place.
- Always** insure components will remain secure during installation and operation.
- Always** wear safety glasses when installing this kit. A drilling operation will cause flying metal chips. Flying chips can cause serious eye injury.
- Always** use extreme caution when drilling on a vehicle. Thoroughly inspect the area to be drilled (on both sides of material) prior to drilling, and relocate any objects that may be damaged.
- Always** use extreme caution when cutting and trimming during fitting.
- Always** tighten all nuts and bolts securely per installation instructions.
- Always** route electrical cables carefully. Avoid moving parts, components that become hot and rough or sharp edges.
- Always** insulate and protect all exposed wiring and electrical terminals.
- Always** perform regular inspections and maintenance on mounts and related hardware.

# Installation Instructions

## License plate bracket

Product Number: M2250 AND M2350

For application with the Vengeance bumper line

### Overview

Congratulations on your new purchase of the Vengeance License plate bracket accessory. This license plate bracket was designed in conjunction with the Vengeance line to provide a stylish and strong solution to mount your front license plate.

Your license plate bracket was designed in 3-D from digitized data, CNC laser cut, fabricated, and powder coated... all in the U.S.A. Enjoy the fit and finish of a quality Vengeance front bumper and License plate bracket from Fab Fours, Inc.

**WARNING:** This product was designed to be used with the Fab Fours Vengeance front bumpers ONLY.

### I. Tools Required

- 3/4" Wrenches and sockets
- Socket wrench and short extension
- Phillips head screwdriver

### II. License plate bracket Installation

1. Using the provided 1/2" hardware, attach the License plate bracket using the provided holes in the bottom flange of the bumper. Space the top of the bracket 1/8" off the front bumper.
2. Mount your License plate and use the two provided 1/4" hardware to attach it.

### Maintenance/Care

- Periodically check and tighten all nuts.
- Stripped, fractured, or bent bolts or nuts need to be replaced.
- Periodically grease the tire carrier pivot.
- Periodically check the tension of the latch hook..
