

## USE

### Opening and Using the Cover

To use your *RETRAX* cover, open the lock cover and press the button at the center of the latch to pop open the handle.

### Closing and Locking the Cover

To latch your *RETRAX* cover anywhere along the rail, push down firmly on the end of the lock handle using both thumbs. Insert key and make sure it locks and unlocks.

### Securing Loose Cargo

*RETRAX* covers help transporting loose and large pieces of cargo safe and secure; a unique feature that most tonneau covers cannot claim. To help secure any item too big to fit under the cover, latch the lock handle shut against the item to keep it in place.

CAUTION! All large and heavy cargo must be secured by straps etc.

Retrax Holdings, LLC is not responsible for shifting cargo.

The teeth of the *RETRAX* keys always face out

## MAINTENANCE & CARE

### Cleaning and Caring for your Cover

You can wash and wax your *RETRAX* cover, but do not use any plastic cleaners, protectants, or strong chemicals.

With proper care, the polycarbonate cover will last many years. It should be cleaned with mild soap and water. Do not allow gasoline to come in contact with the cover.

Carnauba wax is fine on your *RETRAX* cover, however, **DO NOT wax the ONE MX or PRO MX (matte) cover!!** To restore the luster to aluminum parts, periodically use a polishing compound followed by a non-abrasive Carnauba wax. The weather-stripping on your cover may absorb soapy residue from a car wash, so we recommend wiping down the inside of your rails from time to time.

**IMPORTANT:** NEVER spray any lubricant or cleaner in the rails. **THIS WILL VOID YOUR WARRANTY.** The ball bearings are sealed and will not need any sort of lubricant or spray. If the rails do feel a little 'sticky', you may rub some Paraffin (candle) wax along them until they wear in.
